

Multi-Occupational Trades

Degree Type

Associate of Technical Science Degree

(Apprentice Degree)

The primary function of the multi-occupational trades associate of technical science program is to provide journey-level workers with additional related education designed to prepare them for advancement and management-level positions in their chosen field. Candidates will have accomplished the stringent requirements of each individual trade prior to entry into the program. Students graduating from this program will have attained their degree through a combination of technical skills obtained in an approved apprenticeship program (a minimum of 6,000 clock hours), theory and practical applications learned in apprenticeship-related courses (at least 432 clock hours) and instruction received in related education and elective courses at WVC.

Program Requirements: Associate of Technical Science Degree

This program is not eligible for financial aid.

Offered at the Wenatchee campus
