Associate in Music - Direct Transfer Agreement (DTA/MRP)

Degree Type

Associate in Music-Direct Transfer Agreement

WVC's Associate in Music (DTA) is a statewide-articulated transfer degree designed for students planning to transfer to a four-year college or university music program.

A cumulative GPA of 2.0 or higher is required to graduate.

Contact the potential transfer institution(s) early regarding the specific course choices in each area of the agreement where options are listed. Students completing this degree, who have also met any specific institutional college-level GPA, performance and audition requirements, will be regarded as having met the minimum preparation for consideration for admission to a baccalaureate music program unless an exception is noted. While music degree courses are articulated/transfer to other state universities, completion of this degree does not guarantee admittance into another colleges baccalaureate music program. Students should check with their potential transfer institution(s) about requirements for overall minimum college- level GPA, possible higher GPA in a selected subset of courses, a specific minimum GPA in one or more courses, meeting performance requirements in specific in-house college diagnostic placements and auditions, and local faculty decision placement flexibility on piano proficiency.
