

Automotive Technology - Light Diesel Certificate

Degree Type Certificate

Students who have earned their automotive technology ATS degree will be able to add the 20-credit light diesel certificate to their portfolios. In addition, the light diesel certificate is designed to enhance the skills of and expand employment options for technicians already working in the automotive field. Skills learned in the light diesel-based courses will assist students in competing for jobs in the automotive industry and can also prepare students for the heavy-duty side of the industry.

Suggested Course Sequence: Certificate

Offered at Wenatchee campus

This is a stand-alone certificate and is not financial aid eligible, unless incorporated within the ATS degree.
